VELOCITY 720 Touch Reader

Multilingual reader for encoder water meters

The Velocity model 720 touch reader allows a contractor or meter reader to collect reads from different brands of meters with just one device.

Features:

- Small and lightweight
- It will fit in a pocket or glovebox
- Can be charged with a standard micro USB charger and cable
- 2000 plus reads with a single charge
- Audible tones for an error during a read
- Auto ON/OFF saves battery life
- Shock resistant with the optional protector
- Splash resistant with the optional gasket kit
- Capable of displaying the reading of the last meter
